

# How to Install the HemaTrax® Product Table Patch

**This patch should ONLY be used for:**

**HemaTrax® Network Integrated versions 8.0, 9.0 and 10.0**

**HemaTrax® Standalone versions 8.0, 9.0**

**To install the Product Table patch:**

1. Download the patch from our LSS portal using your existing account at:  
<https://download.digi-trax.com>
2. Unzip the zip file.
3. Transfer all unzipped files to **C:\ProgramData\HemaTrax\_Print\_Server\DATA\** directory to replace the existing product table files.

**Please Note:** If ProgramData is not listed under **C:\**, unhide it by going to:

Control Panel >> File Explorer Options >> click View tab >> click "*Show hidden files, folders, and drives*", then click Apply and OK.

4. Go to "Control Panel - Administrative Tools" and under "Services", restart the "HemaTrax Print Server" service.

**If you have any questions, please contact Henry Cagadas at 847-613-2114 or at [hcagadas@digi-trax.com](mailto:hcagadas@digi-trax.com)**
