

Clinical Mobility Device Capabilities

Zebra's devices, which may already be deployed in your healthcare facility, have capabilities that can be leveraged to help you meet today's demand. If you aren't currently using these functions, contact your Digi-Trax sales manager for help.

TC5X-HC Series

The unmatched flexibility of the TC5X-HC series helps streamline your workflows, no matter where you are on your hospital campus. This touch computer is purpose-built for Healthcare with the industry's most resilient medical-grade plastics. The TC5X-HC series can withstand repeated exposure to multiple disinfectant wipe downs, to help reduce the spread of infection.

Are you leveraging all the functions of the TC5X-HC Series Touch Computer?

- ✓ **Voice Calls**
- ✓ **Alerts and Alarms**
