

# HemaTrax<sup>®</sup>-CT 3.6.1

## Release Notes

11/2020

- Product code database updated to ICCBBA version 7.43.0.
- Corrected errors occurring when selecting certain label sizes with the Investigational Device option selected.
- When printing a 3.75x1.5 label with Investigational Drug or Investigational Device, the text will now display properly.
- Corrected an issue when choosing certain label sizes that do not support expiration text. A warning message now will appear and you will need to select a different option.
