

# HemaTrax<sup>®</sup> 10.1

## Release Notes

5/2024

### Database updates:

- Updated the product code data file to include product codes up to EB173.
- For platelet products with a bacterial monitoring or bacterial testing attribute, we are now following the guidance outlined in ICCBBA's document: Labeling of Platelets Based on Bacterial Testing – US Guidance (TB-015 v1.0.0).

### HemaTrax Print Server updates:

- Updated the HemaTrax Print Server to better handle network latency issues.

### HemaTrax Standalone updates:

- HemaTrax Standalone now supports printing to USB connected printers.
